

EU declaration of conformity
in acc. with EU guidelines for building products 89/106/EWG

Manufacturer: ROMEX MB GmbH
Address: Weidesheimer Straße 17, 53881 Euskirchen, Germany
Place of manufacture: Mühlgrabenstraße 19, 53340 Meckenheim, Germany

The product

ROMPOX[®] 1005 coating

EN 13813 SR-B1,5-AR1,5-E_{fl}

corresponds to the basic requirements as set out in the guidelines for building products 89/106/EWG, duly appropriated in the harmonised German norm DIN EN 13818: 2003-01. The requirements for CE identification acc. to enclosure ZA 1.2 of EN 13813: 2003-01 are fulfilled.

DIN EN 13 813 "Screed mortars, screed masses and screeds – properties and requirements" (Jan. 2003) sets out requirements for screed mortars that are used for floor construction in interior rooms. Synthetic resin coatings and sealants are also included in this norm.

The products pose no risk when used according to the manufacturers instructions during construction.

The manufacturer uses a functional quality management system acc. to DIN ISO 9001 and has taken measures, to ensure that all products marketed meet the requirements as set out in the technical documentation.

The procedures for the evaluation of conformity as set out in table ZA 2 have been carried out.

The product is subject to internal production control as well as preliminary tests according to ROMEX[®] standards for MB products.

The documentation for CE identification is enclosed.

Euskirchen,

Management
